News | Symbios Project experiences report

In the second phase of the Symbios Project we identified initiatives to counteract the demographic decline and territorial exclusion. This report presents an analysis of these initiatives, looking to draw conclusions and learning to foster virtuous dynamics of social inclusion and territorial.

This is the Symbios Project Newsletter. The Symbios Project is an opportunity to meet, to exchange and to learn together about the challenges of demographic change and its consequences for the welfare and the social inclusion, focussing both in people and vulnerable territories in Galicia and other affected European Regions. If you have any questions or want to tell us something, contact us [here](#) and if you want to stop receiving this newsletter, click [here](#).
